

Whether they need to **collect, organize, prepare, store, process or dispose** – research, industrial and healthcare professionals rely on

Bel-Art for their sample-handling needs.

Known as the **'go-to guys'** of the laboratory market, Bel-Art's talented in-house engineering and design teams are continually focused on developing time- and effort-saving products that get the job done.

Over 4,500 items, from safety wash bottles to fume hoods, are manufactured and distributed under our flagship Bel-Art & H-B Instrument® brand names, and used daily in laboratories worldwide.

Core Categories:

- Racks – Poxygrid®
- Thermometers & Hydrometers – H-B Instrument®
- Desiccators – Secador®
- Sampling Scoops, Spoons & Spatulas – Sterileware®
- Ice Buckets & Pans – Magic Touch®
- Bottles – Scienceware®
- Magnetic Stirring Bars – Spinbar®

In addition to our branded lines, private label and OEM projects in small to mid-range quantities that meet the specialized needs of other innovative organizations are integral to our success.

Manufacturing Specialties:

- **Plastic Molding** – blow, injection, rotational & vacuum forming
- **Liquid-in-Glass Thermometer Production**
- **Wire Forming**
- **Powder & Specialty Coatings**
- **Plastics & Metal Fabrication**

Experience the Bel-Art & H-B Advantage

- **New products** driven by end user need; many **patented and proprietary lines**
- Design, engineering, manufacturing and sourcing capabilities that **deliver solutions** through our sales and distribution channels **quickly and successfully**
- Products that are a **staple in laboratories** recognized for their useful service, uniqueness and **high value proposition**
- 85% of our products are manufactured in the **U.S.A.**
- **One stop shopping** from a broad range of over **4500 essential work flow products** that complement equipment and chemical sales
